

eCATALOGUE – OVER 65,000 PRODUCTS AT THE TOUCH OF A **BUTTON**

- Want fast and easy access to over 65,000 network infrastructure products?
- Need to quickly obtain competitive quotes in order to prepare customer bids at high-speed?
- Require knowledge about a product's availability at a moment's notice?

THE MOST COMPREHENSIVE ENTERPRISE INFRASTRUCTURE CATALOGUE

Anixter's catalogue is a new and intuitive online catalogue which gives you the ability to access product information on a 24/7 basis. Given Anixter's breadth of experience in supplying communication infrastructure solutions to the cabling and networking markets, we believe the choice of products is as comprehensive as you will find anywhere in the industry.

The catalogue provides you with up-to-date information on over 65,000 products and services in many categories, including:

- Enterprise infrastructure products
- Industrial wire and cable
- Tools and test equipment

QUICK & EASY TO USE

Time is at a premium in today's fast moving business world, and that's why Anixter has made ecatalogue so quick and easy to use. This online catalogue can be accessed direct or via ANIXTER.com and is free to use, with no need to register or logon. It integrates a sophisticated search engine which enables you to locate a solution or product using a variety of criteria such as category, attributes, vendor, part number or key word. In addition, ecatalogue allows you to add your chosen items to a virtual 'shopping list' and submit requests for quotations and availability status.

It's really as easy as that! ecatalogue enables you to find the right product information quickly and thereby conduct business more effectively.

QUALITY IS ASSURED

Anixter believes that the breadth of product inventory in the catalogue is unsurpassed in the industry. We have compelling partnerships with some of the world's leading communications product manufacturers, including: Alpha, Avaya, Belden, Corning, Fluke Networks, Hewlett Packard, IBM, Nortel Networks, Ortronics, Orinoco Wireless Networks, SYSTIMAX SCS, Tyco/AMP. Anixter also offers best-of-breed technology solutions from over fifty additional top network infrastructure vendors.

ANIXTER – GIVING YOUR BUSINESS THE **eVANTAGE**

KNOWLEDGE IS POWER WITH eCATALOGUE

Anixter has a long-established reputation as the world's leading supplier of communications infrastructure solutions for the cabling and networking markets. The Anixter eCatalogue is a valuable addition to the Anixter eVantage e-business portfolio, and is a further demonstration of our commitment to putting your business requirements first. Using our online catalogue will help empower you with the knowledge and confidence to make your business a success.

EXPERIENCE THE FREEDOM OF eCATALOGUE

The addition of eCatalogue to Anixter's eVantage portfolio represents a major milestone in the e-business development of the company. A substantial investment is being channelled into the ongoing evolution of Anixter's e-business services to ensure that they will continue to grow to meet your needs as a customer now and well into the future.

Anixter believes that its eVantage e-business portfolio is unparalleled by anything offered by the competition. The restrictions of the working day are removed, giving you the freedom to find technical, product and standards information, check pricing and make orders any day of the week, anytime of the day or night.
